TA-3350 | MediaHub™ Mini

Introducing MediaHub Mini, the smallest and most powerful mobile device to TV connectivity panel on the market today. The focus is on simplicity, providing guests with the most important, and universally accepted mobile connections to charge and play (USB, Bluetooth, and HDMI). MediaHub Mini offers USB fast-charging for mobile devices. Bluetooth pairing means that your guests can listen to their music over the TV speakers without docking the phone, providing the freedom to roam and multi-task. HDMI is the universal method for connecting mobile phones, tablets, laptops, digicams, and gaming consoles to HDTV's.

- Flush Mounts into wide range of furnishings, millwork, casegoods, and partition walls.
- 2.1 amp, 5 volt USB charge port for tablets and smart phones.
- Standard .5 amp, 5 volt USB charge port for simultaneously charging additional phone or accessory.
- Bluetooth pairing point for wireless audio playback on the TV speakers.
- Audio jack option for audio playback on the TV speakers.
- HDMI port for displaying your movies, videos and photos on the in-room TV.
- Automatic Input switching via HDMI-CEC for any CEC enabled TV (Automatic Input switching for older displays using optional RS232 cable).
- Small footprint and choice of rubberized black or brushed metal finish, provide designer friendly aesthetics.
- Simple Installation - Power Supply and 3.5m HDMI cable included.
